## OBJECTIVE: -

---

A passionate Front-End Developer and specialize in building responsive, user-friendly interfaces with a keen focus on UI/UX and modern web technologies. While I have gained strong academic knowledge, I am eager to apply my skills in real-world projects and refine them further. I thrive on learning, adapting to new trends, and crafting seamless digital experiences. Committed to innovation and continuous growth, I aim to contribute meaningfully to the web development industry.

## EDUCATION: -

---

Bachelor of Computer Applications (BCA)

2022 – 2025

Modern Degree College, CCS University, Meerut

## EXPERIENCE: -

---

### Greenbook Media & Apps

Software Developer Intern | Remote

Aug 2024 – Nov 2024

- Collaborated with designers and backend developers to create responsive and user-friendly web applications.
- Built interactive UI components using HTML, CSS, JavaScript, and React.js.
- Focused on optimizing performance and debugging existing features.

## PROJECTS: -

---

### Instant Care

This platform is designed to provide seamless access to essential medical services, including appointment booking, emergency contacts, hospital bed availability, blood bank information and many more functionality.

### My Food

My Food is a vibrant and user-friendly recipe and food inspiration platform that offers curated meal ideas, trending recipes, and healthy eating tips. It features categories like Comfort Food, Quick & Easy meals, Desserts, and more.

### Job Dhundo

Job Dhundo is an AI-powered job search platform that helps users find their dream jobs effortlessly. Users can upload their resume to receive personalized job recommendations, track applied positions, and explore opportunities at top companies—all in a seamless, interactive experience.
