PROFESSIONAL SUMMARY

MERN Stack Developer with experience in web development, EPUB development, accessibility remediation, and Jira-based bug fixing. Skilled in React.js, Node.js, Express.js, MongoDB, and modern web technologies. Currently pursuing MCA in Cloud Computing and exploring cloud technologies to strengthen full-stack development expertise.

EXPERIENCE

DM Trainee | Vintallic Software Group Pvt. Ltd. (Magic EdTech) | Hybrid **Feb 2026 – Present**

- Work on EPUB development and digital content production, ensuring content meets quality and accessibility requirements.
- Perform Jira-based bug fixing, issue tracking, remediation, and validation to identify and resolve content and accessibility-related issues.
- Collaborate with accessibility testers and content teams to identify issues, communicate requirements, and implement appropriate fixes.
- Coordinate with cross-functional teams to track issues, communicate updates, and support the timely and quality delivery of accessible digital content.
- Work with Cyprus and related content workflows while maintaining accuracy, consistency, and quality standards.

Software Developer Intern | Greenbook Media & Apps | Remote **Aug 2024 – Nov 2024**

- Developed responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Collaborated with designers and backend developers to develop and improve web application features.
- Debugged existing functionality and optimized web pages for better performance and user experience.
